**Subject:** Gift report

Hi Steve,

I am writing to disclose an in-kind gift we have accepted on behalf of the City: Joanne Hovis, President of CTC Technology and Energy has provided advice in video calls to the Mayor's Office with regard to her expertise in public sector broadband access strategies. She has thus far provided approximately 3 hours of consultations, and we are likely to speak with her again for approximately the same amount of time. Her conversations have been with myself, Lauren, Connor and Devon copied here.

Thanks

Jared
